VACANCY	JOB
	يرجى المابلاغ بانك قرأت الماهلان عن طريق موقع شركة المهدف للتوظيف
	A leading Company in Abu Dhabi is seeking to recruit the following:
	Technical Team Lead
	More than 7 years' experience in software development
	Solid Experience in ASP.Net C#
	Solid Experience in.Net Framework &.Net Core
	Solid Empericate Int. of Tallie Form will be con-
	Solid Experience in Web Services (Rest & WCF)
	contact 2.5 per lette in 1100 per 1100 (teles to 1102)
	Solid Experience in Problems Solving
	Some Experience of Frometic Solving
	C.P.T
	Solid Experience in software design and design patterns.

Solid Experience in Food end development (Angalare' Type Scripto) Very Good Leadership Stills Very Good Leadership Stills Very Good Dephysionet skills Very Good Dephysionet skills NoSql Dike (ex: Mongo Dil) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in Net Framework & Net Core Solid Experience in Net Framework & Net Core	Solid Experie	ence in Oracle DB
Very Good Lendership Skills Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSqi Dis (ex: Mongo Di) is a plos Stutior Suftware Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Lendership Skills Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSqi Dis (ex: Mongo Di) is a plos Stutior Suftware Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Lendership Skills Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSqi Dis (ex: Mongo Di) is a plos Stutior Suftware Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#	Solid Experience in front end development (Angul	lar / Type Scripts)
Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Communication Skills Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net CB	Very Good	Leadership Skills
Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net CB		
Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net CB		
Very Good Analysis skills Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net CB		
Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#	Very Good Com	munication Skills
Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
Very Good Deployment skills NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#	Very Go	ood Analysis skills
NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
NoSql DBs (ex: Mongo DB) is a plus Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP-Net C#		
Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#	Very Good 1	Deployment skills
Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
Senior Software Engineer More than 4 years' experience in software development Solid Experience in ASP.Net C#		
More than 4 years' experience in software development Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core	NoSql DBs (ex: Mo	ongo DB) is a plus
More than 4 years' experience in software development Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
More than 4 years' experience in software development Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
More than 4 years' experience in software development Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core	Senior S	oftware Engineer
Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
Solid Experience in ASP.Net C# Solid Experience in.Net Framework &.Net Core		
Solid Experience in.Net Framework &.Net Core	More than 4 years' experience in softw	ware development
Solid Experience in.Net Framework &.Net Core		
Solid Experience in.Net Framework &.Net Core		
Solid Experience in.Net Framework &.Net Core		
	Solid Experien	ice in ASP.Net C#
Solid Experience in Web Services (Rest & WCF)	Solid Experience in.Net Frame	work &.Net Core
Solid Experience in Web Services (Rest & WCF)		
Solid Experience in Web Services (Rest & WCF)		
Solid Experience in Web Services (Rest & WCF)		
	Solid Experience in Web Service	ces (Rest & WCF)

Solid Experience in front end development (Angular / Type Script
Solid Experience in Problems Solvin
Solid Experience in software design and design pattern
Solid Experience in Oracle D
Very Good Communication Skil
Very Good Analysis skil
Very Good Deployment skil
NoSql DBs (ex: Mongo DB) is a plu
Software Engine
0-3 years' experience in software development
Solid Understanding For Object Oriented Programmin
Soud Understanding For Object Oriented Programmir
ASP.Net C# good knowleds

.Net Framework &.Net Core good knowledge
Web Services (Rest & WCF) good knowledge
The services (test to 11.22) good another ge
Frontend development good knowledge (Angular/Type Script)
Oracle DB good knowledge
Good Communication Skills
Good problems solutions search skills
N.C.I DD. / co. Mouse DD. / co. sho
NoSql DBs (ex: Mongo DB) is a plus
Quality Control Engineer
Experience in software development life cycle
Zaperione in softmate development me ejec
Experience in Quality Standards
Strong knowledge of software QA methodologies, tools and processes
Strange and Acceptance and Acceptanc
Ability to build complex test cases

Good experience white box & black box testing
Ovor experience white now to make now testing
Experience in automation test tools
•
Solid Knowledge in Oracle DB
NoSql DBs (ex: Mongo DB) is a plus
Experience in an Agile/Scrum development process.
Experience in performance & security test
Graphic Designer & UX
Experience in Photoshop illustrator an InDesign
Good Experience in HTML.
Knowledge in UI/UX
Experience in problems solving
Skill of Creativity

Experienced in all aspects of Oracle implementation Experienced in supporting an Oracle database accessed via a web application Knowledge of programming languages and API.
