A Well Known Education and Training Center in KSA Vocational Instructor - Engineering

ce to help trainees learn about and prepare for jobs in a particular occupation. At the NCA we prepare trainees in the field of Civil Engineering, with a specific focus on the Construction sector.

Our vocational instructors teach trainees and help them gain skills so that they can build successful careers.

Responsibilities of the vocational instructor include, but are not limited to:

	Teaching non-native English speaking learners of various abilities and levels in a vocational context	-
	Enforce all administration policies and rules governing trainees.	-
Participating in the development of the course curriculum and the production of high-quality teaching and learning resources, including resources in electronic formats		-
	Integrating and using technology to enhance teaching and learning in the classroom	-
	Developing lesson plans, course outlines and teaching and learning plans in accordance with NCA practices	-
	Adapt teaching methods and instructional materials to meet trainees' varying needs and interests.	-
Plan and conduct activities for a balanced program of instruction, demonstration, and work time that provides trainees with opportunities to observe, question, and investigate.		-
	Developing a variety of assessment tools and assessing trainee work in compliance with NCA practices and other relevant quality standardsbodies	-
Maintaining records of trainee achievements and reporting results of student assessments in accordance with NCA practices and in compliance with record management system requirements		-
	Overseeing and ensuring compliance with the relevant internal verification process and assuming the role of an internal verifier for the applicablecourses	-
	Interacting in a professional and collegial way with people at all levels of the organization	-

Required skills and qualifications, at a minimum, include:

A Bachelor's Degree in the specific or a closely-related discipline; Master's Degree is preferred	-
Minimum of two years training delivery experience in an industrial, commercial, technical, vocational, or post-secondary environment	-
Non-native speakers of English should possess an IELTS 6.5 academic certificate or equivalent (proof of proficiency could be requested)	-
Demonstrated ability in the use of technology to enhance teaching and learning	-
Exceptional classroom management skills and the ability to create a learning environment that promotes and enhances student motivation	-
Effective presentation and communication skills, both written and oral	-
Ability to function as a team player within a multi-cultural work environment	-
Ability to work independently and to meet tight deadlines	-
